

## MOZZIGUARD MAGNETIC INSECT SCREENS

SheerGuard's MozziGuard Magnetic Insect Screens, for windows with or without burglar bars, have been designed with an emphasis on aesthetics whilst protecting your home from mosquitoes, flies, spiders, snakes and various other indigenous fauna.

These aluminium-framed, detachable insect screens fit securely onto window frames and are held in place with high-quality Oxide magnets. Small metal plates are attached onto the window frame, ensuring perfect adhesion.

SheerGuard's MozziGuard Magnetic Insect Screens are durable, lightweight and can be easily removed for cleaning.
